WELCOME TO THE POOL . . . HEAD OFFICE TOUR!

This guide has been designed to help our visitors find the displays set up to show them how our head office fits in with the services offered to members throughout Saskatchewan.

We suggest you follow the route shown here and on the next two pages. This route is also shown by colored arrows on the floors. We hope it will avoid confusion and congestion around the interesting exhibits.

Staff members are in attendance at each point of interest to answer questions. They'll like it if you stop to chat!
